SUMMARY

Passionate and detail-oriented front-end developer with hands-on experience in building responsive and interactive web applications using React, Next.js, Tailwind CSS, and Bootstrap. Skilled in creating clean, user-focused designs and optimizing performance for a seamless user experience. Eager to contribute to innovative projects and continue growing in a collaborative environment.

SKILLS

Language and Frameworks : Next Js, React Js, JavaScript, TypeScript, Redux, RTK Query, Formik, Material UI, Bootstrap, Html, Html5 Css (Tailwind , Sass , module)

Tools : Git, Postman, Cursor , ChatGpt

WORK EXPERIENCE

AIS technolabs (frontend developer)

(Dec 2024 - present)

Developed and maintained a scalable Next.js application using React, TypeScript, and Redux, ensuring high performance and a smooth user experience. Implemented secure authentication, payment workflows, dynamic game loading, and multi-language support. Improved UI/UX with MUI and Bootstrap, optimized overall performance, and collaborated closely with backend teams. Continuously learned modern frontend tools and best practices to enhance development quality.

PROJECTS:

Casino Games Plateform ([Fox-Play](#), [Dalal](#) , [gameshack\(Under Development\)](#))

- Built and optimized a large-scale **Next.js + TypeScript** frontend with SSR/SSG, delivering high performance, SEO benefits, and a clean, maintainable architecture.
- Implemented **Redux Toolkit & RTK Query** for advanced state management, covering **authentication**, payments, game data, and cross-tab session synchronization.
- Designed secure and **user-friendly flows** including login, signup, password reset, OTP, and responsive multi-language UI using MUI, Bootstrap, and i18next.
- Integrated multiple payment systems (crypto, bank, vouchers), **dynamic and secure** game loading via iframes, and real-time updates using Socket.IO for enhanced user experience.

Dynamic Content Management Website ([Ais Technolabs](#) , [My Local Law](#))

- Worked on the dynamic content websites project, contributing to both CMS (Admin Panel) development and frontend implementation.
- Built and managed customizable templates with dynamic content sections, enabling easy content updates without requiring code changes.
- Created reusable UI components, optimized layouts, and integrated CMS data with frontend views to deliver a seamless and consistent user experience.
- Collaborated closely with design and backend teams to streamline content workflows and improved overall scalability, maintainability, and flexibility using modern frontend practices.

EDUCATION

Frontend - Development Course

Tops Technologies, Maninagar , Ahmedabad.

Bachelor of Science in Mathematics

k.k. Shah Jarodwala Maninagar science College
